The Importance of Early Childhood: Socio-Emotional Development and Early Intervention

Dr. Nathan A. Fox and Dr. Melanie Berry share current research and insights on child development.

This learning opportunity builds on the core story of early brain and biological development of young children and provides deeper insight into socio-emotional development and the impact of early intervention on health, well-being, behaviour, and learning of all children.

February 2, 2015, Edmonton Shaw Conference Centre

March 18, 2014 “the Grade 1 Classroom.” Click [here](#) to register.
All workshops are in Edmonton.

Centre for Excellent for Early Childhood Development: Eyes on Resilience

There are a number of factors that support the building of resilience. How effective they are depends on the child’s age, personal resources and protection systems.
